## Economic Mission to Tianjin 16<sup>th</sup> to 17<sup>th</sup> of June 2016

In collaboration with the Embassy of Switzerland to China and the SwissCham Beijing and Shanghai, the Swiss Centers in China organised a two-day economic mission to Tianjin, one of the most promising industrial bases in the North. With the great support of the representatives of Wuqing and Dongli Development Area, four companies [BYD](#), [Tiens Group](#), [Nestlé](#), [Seagull](#) welcomed the delegation composed by 22 representatives of Swiss, German and French companies. H.E. J.-J de Dardel, Ambassador of Switzerland to China, and Mr. David Braun, Head of Economic, Financial and Commercial section of the Swiss Embassy honoured the delegation by their presence.

The visit of the two development areas Wuqing and Dongli offered the delegation the opportunity to discover the new premises of Swiss Center Tianjin – the latter has established ready-to-use offices, production/assembly space to better serve companies in the fourth biggest city of China.

Beside the visits, on the evening of the 16th, the Swiss Center Tianjin together with the Northern Technology Exchange Market invited the delegation to meet with Chairman of Tianjin Science & Technology Commission, Dr. Lu Wenlong to a networking cocktail on the commercialisation of international innovative technologies in China.

We sincerely thank the participants for having joined this mission as well as the companies and the local districts for having welcomed our delegation.
